

A Christmas gift with keys so lively, they can go 115 words a minute.

(That's the world's record, set on a Royal portable.)

Royal invented the accelerated typebar. It is one of the reasons Royal holds the world's speed record for portables. No other portable has yet matched its fast, light, resilient touch. Nor its features.

In the Safari™ above, for instance, sensitive rollers grip the paper squarely and roll it evenly into position. You set margins and columns as easily as pressing a doorbell. A snap-in ribbon cartridge makes ribbon-changing just that—a snap. And smudge-proof.

In one way or another, all Royal portables are so gifted. But common to all is *ruggedness*. Royal takes the same unstinting care in building its portables as it does with its stoutly built office typewriter. (That's why Royal is able to guarantee its portables for 5 long years.*)

Royal is the portable most coveted by students. No other Christmas gift could be more helpful or remembered in the years to come. Royal portables start at \$49.95, case included.
